1"	BSP	**4**
TOTAL		**114 pieces**

Product label | Compartmentalized plastic case.

Part number: BW-INCH KIT

APPLICATIONS & HANDLING

Hydraulic repair, fluid transfer and general maintenance. Bonded washers combine a metal outer ring with an elastomer sealing element. Select the correct size and compatible sealing face; follow the equipment manufacturer's assembly instructions.

OPERATING LIMITS

Pressure, temperature and fluid compatibility depend on the metal, elastomer grade and assembly. These limits and the exact ID x OD x thickness are not specified for this kit and must be confirmed with the supplier. Country of origin: client declaration, not independently verified.

Source: supplied BW-INCH KIT label. Material grades and operating limits not provided.
